

## Residential Snow Removal Underway in Central District (Zone 3) This Week

### Snow Removal Operations Will Move to Lucas Heights (Zone 1) on Wednesday

As Town of Ponoka crews continue working to remove snow from roadways throughout the community, they are currently conducting snow removal today (January 13) on the following residential streets:

- 51 Street from 46 Avenue to 53 Avenue;
- 47 Avenue from 50 Street to 54 Street; and
- 54 Street from 48 Avenue to 52 Avenue.

Due to waste collection in Central District tomorrow (January 14), snow removal operations will move to Lucas Heights (Zone 1) for the day on the following residential streets and will return to Central District on Thursday.

- 59 Street from 57 Avenue around to 60 Street;
- 60 Avenue from 59 Street to 61 Street Close;
- 61 Avenue from 59 Street to 61 Street; and
- 62 Avenue from 59 Street to 61 Street.

Snow and ice control crews are also:

- Sanding roadways throughout the community as needed; and
- Sanding and clearing snow on sidewalks adjacent to Town-owned properties and on walking trails, as well as clearing snow from park furniture (benches, picnic tables, etc.) in Town parks and throughout the trail system.

### 'No Parking' Signs

Please watch for 'No Parking' signs and move parked vehicles from roads when the signs are posted.

Removing your vehicle from the roadway when 'No Parking' signs are posted in advance of snow removal operations is a requirement under the Town's Traffic Bylaw and can result in fines and towing of the vehicle at the owner's expense if needed.

Removing your vehicle from the road also helps crews conduct snow and ice control operations safely and more efficiently.

### Community Advisory Signs

Community advisory signs are also posted in residential neighbourhoods 48 hours in advance of snow removal operations to give residents notice of when snow removal is scheduled to occur.

Please note that changing weather conditions and new snowfall events can require crews to direct their attention back to priority routes and delay planned snow removal operations. As a result, crews may not complete the entire zone and will return at a later date.
