## Reasons for Pool Closures

Pools may need to be closed unexpectedly for several reasons, such as contamination, unbalanced chemical levels, or mechanical and maintenance issues. While many problems can be resolved quickly, some may require up to 24 hours for proper disinfection or troubleshooting. In certain cases, pools may need to remain closed for longer periods to ensure health and safety. Information about temporary pool closures will be posted on the Town of Ponoka website at [Ponoka.ca](http://Ponoka.ca) and on social media platforms (Facebook, X, and Instagram @TownofPonoka)
