Waste, Recycling and Compost Collection Facts

The Town provides curbside collection of recyclables, compostable material and household garbage to help protect our environment for future generations by diverting waste from the landfill.

Residents are encouraged to recycle and compost as much waste as possible through our curbside collection program. Not only does it divert waste from the landfill, it also saves on tipping fees at the landfill which can help offset future utility rate increases.

Please see the map above and the calendar on the opposite side of this page to determine your regular scheduled day for waste pick up according to your Zone.

Statutory Holidays

Collection days that fall on a statutory holiday will still receive service on that day, with the exception of Christmas Day. If your regular collection date is December 25, collection will happen on December 24 or December 26. The Town of Ponoka will announce the exact date in 2025 on the website at [Ponoka.ca](https://ponoka.ca), on social media @TownofPonoka and in utility bills.

Proper Cart and Bag Placement

Please ensure the cart lids are closed and the wheels are against the curb with one metre (3 to 4 feet) of clearance around the carts for the truck's automated arm to safely pick them up and empty them.

Please place clear or blue transparent bags of recyclable materials at the curb but not on the roadway.

Green Carts for Compost

Compostable items placed in green carts can be in compostable bags or loose in the cart. Green carts are emptied every second week (bi-weekly) from November 1 to April 30 and every week from May 1 to October 31.

Please do not wrap organics in plastic or place any plastic bags in your green cart.

For a complete list of what goes in your green cart, please visit [Ponoka.ca/p/green-carts](https://ponoka.ca/p/green-carts)

Blue Plastic Bags for Recyclables
