## **Fire Advisory Lifted for Town of Ponoka**

*(May 31, 2018 – Ponoka, Alberta)* – Thanks to recent and ongoing wet weather, the Fire Advisory previously issued for the Town of Ponoka has been lifted and is no longer in effect.

Residents are reminded to always be fire smart and exercise caution when using fire pits or any other wood or charcoal burning appliance that meets accepted requirements under the Town's Fire Services Bylaw.

Never leave an open air fire unattended and fully extinguish your fire once you're done using it, or if a change in weather conditions increases the hazards posed by your fire.

Updates on Fire Bans and Fire Advisories across the province can be found throughout the fire season at [www.albertafirebans.ca](http://www.albertafirebans.ca)
